Invoices and Approval Letters

All fiscal 2008 invoices and approval letters are due to Accounts Payable no later than July 7th to be recorded in the correct fiscal year. If your department is receiving invoices directly, please contact Donna Foley at x6815 for assistance in updating the mailing address with the vendors. All invoices are to be received in the Accounts Payable office at MS1420.

If your department is closed during the summer break or for an extended period of time, please make arrangements for approval letters and invoices to be sent to a Budget Authority or Financial Manager to be approved.

Each fiscal year end, numerous invoices and approval letters are received by Accounts Payable after the deadline causing them to be recorded manually into the correct fiscal year and potentially causing inaccurate financial results. Please help us issue accurate financial reports

PCards

Just a reminder, Western cannot accept or offer the purchase card as a form of payment to another state agency. Some agencies are allowing the use of the pcard as a form of payment, but we cannot accept it.

PCard Review and Approval

Please check your P-card transactions for the correct account codes. All transactions must have an account code other than E999 prior to the final monthly download. Any transactions remaining with E999 as the account code in Banner will require a journal voucher from the department to correct the error.

Month End Closing

To enable month end closing to occur as scheduled, all uploads and journal vouchers (including the appropriate backup) must be received in Accounting Services by 5 pm on the deadline date. All uploads and journal vouchers received by this date will be entered into the open month. Any items received after the deadline will be entered on a first come, first served basis as time allows. Click here to view the monthly closing calendar.

Journal Voucher and Upload Reminder

Please check your journal vouchers and uploads for proper account codes, charts, funding strings, and signatures prior to submitting to Accounting Services. Submissions without these necessary elements slow down processing time and prompt questions to you. Also, a second signature (other than the person completing the journal voucher or upload) is required on all journal vouchers and uploads.

Foundation and Alumni entries require approval from Lisa Keene or Randy Senf, grant entries from Rose-Mary Barstad, and capital entries from Diana Rosen.

Budget Authorizations

In March, Accounting Services sent out lists of Chart 1 Fund Budget Authorities to every Financial Manager. If for any reason your form has not been returned, please do so now. The memo that accompanied the list outlines the process for verifying, deleting, and adding to the list. Controlling the authorization to spend funds is important and this will help ensure our database is up to do. Please call Sheryl at x-3040 with any questions. Thank you.

Destination Based Sales Tax

Effective July 1st, Washington will enact Destination based sales tax. What this means is that the sales tax rate charged by vendors will be the rate where the goods are delivered. For example, if an order is placed with a supplier but delivered to Bellingham, the sales tax rate charged is 8.4%. If your department sells and delivers goods within the State of Washington, you will need to ensure the correct sales tax rate is being charged. More information to come on this topic soon.

Training Resources

The following individuals are available to provide training in their areas of expertise:

Debbi Baughn, Travel Desk x-3341, provides regular campus training on travel regulations and how to handle your travel needs.

Diane Fuller, Fiscal Analyst 2 x-4002, is available to provide training in using Banner screens and running budget reports. Accounting Services also has a comprehensive manual of Banner reports and information that can be provided upon request.

Rebecca (Becky) Kellow, University Cashier Supervisor x-4530, is available for training in cashiering and cash receipting. She is in the process of creating a training program for the campus.

Vic Kiel in Human Resources at x-7418 also offers regular training classes in Banner navigation.
