

FAST-HR Updates

Effective November 10, 2016

Dynamic Filters for Date Controls

Added dynamic filters for date controls. The following dynamic filters have been added to date controls in FAST-HR:

- One Month Ago
- One Month Ahead
- One Week Ago
- One Week Ahead
- One Year Ago
- One Year Ahead
- Yesterday
- Today
- Tomorrow
- Last Month (range)
- This Month (range)
- Next Month (range)

All Jobs Report – Current Employee Status Column

Added Current Employee Status column to All Jobs report.

Note that this always shows the current employee status at run time; it does not show historic employee status on historic records.

Note: Virtual columns are now available in FAST-Finance
