Aquila.Flower@wwu.edu
<https://wp.wwu.edu/flower/>

EDUCATION

PhD, Geography, University of Oregon — 2009-2013

Dissertation title: *Interactions Among Climatic Variability, Defoliating Insects, and Wildfires in the Interior Pacific Northwest.*

MSc, Geography, University of University of Victoria — 2006-2009

Thesis title: *A Dendroclimatic Investigation in the Northern Canadian Rocky Mountains, British Columbia.*

BA, Summa Cum Laude, Geography, Humboldt State University — 2002-2004

Thesis title: *Physical Geography of the Qinghai-Tibetan Plateau.*

PROFESSIONAL EMPLOYMENT

Associate Professor, Western Washington University, 2018-present

Assistant Professor, Western Washington University, 2013-2018

Research Assistant & Instructor, University of Oregon, 2009-2013

Analyst - Ecosystems Impacts, Pacific Climate Impacts Consortium, 2008-2009

Research Assistant, University of Victoria, 2006-2008

RESEARCH INTERESTS

My research focuses on the role of climatic variability, human land use patterns, and natural disturbances in shaping forest, coastal, and alpine ecosystem dynamics. I study environmental change from a geographic perspective using an interdisciplinary suite of methodological approaches drawn from the fields of dendrochronology, ecology, statistics, and geospatial analysis.

PUBLICATIONS

Peer-reviewed journal articles

Underlined names indicate student advisee co-author.

Gleaves, D. and **Flower, A.** *In preparation.* Dendrochronology of the Seaside Juniper (*Juniperus maritima*). To be submitted to Tree-Ring Research in 2023.

LaGassey, H. and **Flower, A.** *In preparation.* Dendrohydrological Reconstruction of North Fork Nooksack River August Streamflow from Subannual Mountain Hemlock Ring-Widths. To be submitted to Tree-Ring Research in 2023.

Coastal Geologic Services, **Flower, A.** 2017. Nearshore Geospatial Framework. Puget Sound Partnership.

O'Leary III, D., Hall, D.K., Medler, M., Matthews, R., **Flower, A.** 2017. Snowmelt Timing Maps Derived from MODIS for North America, 2001-2015. ORNL DAAC, Oak Ridge, Tennessee, USA. <https://doi.org/10.3334/ORNLDAAC/1504>

GRANTS and AWARDS

2023. *Excellence in Teaching Award*. Western Washington University.

2023. *Best Atlas or Map Series, third place*. 2023 ESRI User Conference.

2023. *Project Development for Inclusive and Engaging Courses*. Alternative Grading for GIS. WWU Teaching and Learning Cooperative.

2022. *Salish Sea Institute - Salish Sea Fellows*. Climate Change Assessment for the Salish Sea. \$17,243.

2021. *Best Atlas or Map Series, second place*. 2021 ESRI User Conference.

2021. *WWU Faculty Summer Teaching Grant*. Geographic Information Science for Social Justice. \$6,000.

2021. *WWU Office of Research and Sponsored Programs Small Grant*. Conifer Establishment and Encroachment on Subalpine Meadows around Mt. Baker, WA, USA. \$1,800.

2019. *Salish Sea Institute and Border Policy Research Institute*. "Atlas of the Salish Sea". \$14,500

2017. *WWU Office of Research and Sponsored Programs Small Grant*. "Why Georeferencing Matters: Introducing a Practical Protocol to Prepare Species Occurrence Records for Spatial Analysis". \$1,560.

2017. *FELÁNET Centre for Innovation and Peace*. "Salish Sea Archipelago Atlas". \$13,200.

2017. *Puget Sound Partnership*. "Nearshore Geospatial Framework Development". \$32,890.

2017. *WWU Office of Research and Sponsored Programs Pilot Project Grant*. "High-resolution 3D mapping for ecological monitoring of the subalpine ecotone in the North Cascades" \$3,888.

2016. *WWU Office of Research and Sponsored Programs Small Grant*. "Three Centuries of Synchronous Forest Defoliator Outbreaks in Western North America". \$1,495.

2016. *Puget Sound Partnership 2016 Action Agenda - Near Term Action*. Puget Sound Partnership. "Salish Sea Geospatial Clearinghouse". Accepted as part of the Puget Sound Partnership's slated projects, \$88,276 requested, final funding pending EPA National Estuary Program decision.

2016. *Faculty Development Summer Grant*. Open Source Resource Development for ENV5 203: Physical Geography. \$4,000.

2015. *Border Policy Research Institute Research Award*. "Atlas of the Pacific Northwest". \$30,117.

2012. *National Science Foundation Doctoral Dissertation Research Improvement Grant*. "Doctoral Dissertation Research: Interactions Among Forest Defoliator Outbreaks, Wildfires, Climatic Variability, and Nitrogen Availability in the Interior Pacific Northwest". \$15,961.

2012. *Mazamas Foundation Graduate Student Research Grant*. "Interactions between Forest Defoliator Outbreaks, Wildfires, Climatic Variability, and Nitrogen Availability in Montane Forests of the Interior Pacific Northwest". \$1,440.

2012. *Christopherson Geosystems Award for Best Applied Geography/Earth Systems Graduate Student Paper*. 2012 Annual Meeting of the Association of Pacific Coast Geographers.

2011. *Tom McKnight and Joan Clemens Award for an Outstanding Student Paper*. 2011 Annual Meeting of the Association of Pacific Coast Geographers.

2011, 2010. *Association of Pacific Coast Geographers Women's Network Travel Grant*.

2010. *Best Poster*. 2010 Annual Meeting of the Association of Pacific Coast Geographers.

2010. *Best Graduate Student Poster*. MtnClim 2010 Conference.

2007, 2006. *University of Victoria Graduate Fellowship*. Two-year fellowship for \$20,000.

TEACHING EXPERIENCE

Western Washington University:

Physical Geography	GIS III: Analysis and Modeling
Climatology	GIS IV: Advanced GIS Applications
Biogeography	Advanced Spatial Analysis
GIS I: Introduction to GIS	Communicating Research Results
Professional Geographer	Geography Scholars

University of Oregon:

Biogeography	Long-term Environmental Change
Advanced Biogeography - Dendrochronology	Mapping and Geospatial Concepts Thesis Writing

PROFESSIONAL SERVICE

Academic community:

2015-2023 Associate Editor - Fire Ecology

2016-present Registered Agent - Association of Pacific Coast Geographers

2017-2019	President - Association of Washington Geographers
2015-2017	Vice President - Association of Washington Geographers
2016	Instructor - North American Dendroecological Fieldweek
2015-2017	Adviser - WWU SummerStart
2010-2013	President - Lane County Geographical Society

WWU Committees - University-Wide:

2022-2023	<i>Chair – Salish Sea Studies Curriculum Committee</i>
2020-2023	<i>WWU Academic Coordinating Commission</i>
2021-present	<i>Salish Sea Faculty Advisory Committee</i>
2016-2018	<i>WWU Committee on Undergraduate Education</i>
2017-2018	<i>Faculty Representative - Sehome Hill Arboretum Board of Governors</i>

WWU Committees - College of the Environment:

2022-2023	<i>Chair - College of the Environment Curriculum Committee</i>
2013-present	<i>College of the Environment Curriculum Committee</i>
2015-2019	<i>College of the Environment Scholarship Committee</i>

WWU Committees - Environmental Studies Department:

2021-present	<i>Environmental Studies Curriculum Committee</i>
2013-present	<i>GIS program lead</i>
2014-present	<i>Monahan Scholarship Committee</i>
2023	<i>Environmental Studies hiring committee - GIS</i>
2013-2021	<i>Geography BA curriculum committee</i>
2017-2018	<i>Environmental Studies hiring committee - Social Justice</i>
2013-2019	<i>Environmental Studies MA committee</i>

2016 *Environmental Studies Departmental Awards Committee*

2013-2014 *Environmental Studies hiring committee - Urban Studies*

Conference and workshop service:

2017-2022 Organizer for the Association of Pacific Coast Geographers meeting hosted at WWU

2022 Co-Organizer for Salish Sea Day mini-conference at WWU

2017-2018 Co-organizer for the Association of Washington Geographers meeting hosted by WWU

2016-2017 Co-organizer for the Western Division of the Canadian Association of Geographers meeting hosted at WWU

2014-2015 Co-organizer for the Association of Washington Geographers meeting hosted by WWU

2017-2018 Co-organizer for Dendrochronology Sessions at the Association of American Geographers 2018 conference

2016-2017 Co-organizer for Dendrochronology Sessions at the Association of American Geographers 2017 conference

2015-2016 Lead organizer for Dendrochronology Sessions at the Association of American Geographers 2016 conference

2017 Session Chair: *Dendrochronology: Disturbance Ecology* session at the American Association of Geographers 2017 conference

2016 Panelist - Careers in Biogeography at the Association of American Geographers 2016 conference

2016 Session Chair: *Dendrochronology: Disturbance Ecology* session at the American Association of Geographers 2016 meeting

2015 Session Chair: *Dendrochronology: Disturbance Ecology* session at the American Association of Geographers 2015 meeting

2010-2013 Co-organizer of University of Oregon Geography Awareness Week workshops for elementary and middle school classes, undergraduates, and graduates

Manuscript reviewer for:

Tree-Ring Research
Canadian Journal of Forest Research
Forest Ecology and Management
Ecosphere
Oikos
Fire Ecology
Insect Science
Journal of the American Water Resources Association

Other previous responsibilities:

Secretary for the University of Oregon Student Chapter of the American Society of Photogrammetry and Remote Sensing, 2012. University of Oregon: Graduate student representative at faculty meetings, 2010-2013 and Graduate student representative on committee for hiring a tenure track position, 2011. University of Victoria: president of the Teaching Assistants' component of CUPE 4163, 2006-2008. Humboldt State University: undergraduate student representative at faculty meetings, 2004 and Vice President of the Humboldt State University Geographic Society, 2004.

SUPERVISED GRADUATE THESES

- Underway Emily Wangsness. Environmental Studies MA. *Topic TBD*. **Chair.**
- Underway Anthony Tulloch. Environmental Science MS. *Testing cumulative effects of restoration for multiple salmon populations in the Whidbey Basin using causal analysis*. **Co-Chair.**
- Underway Gary Boba. Environmental Science MS. *Revealing Climate Drivers Behind Outbreak Events of the Western Spruce Budworm (Lepidoptera: Tortricidae) in Western North American Spruce-Fir Forests*. **Chair.**
- Underway Kenna Kuhn. Environmental Studies MA. *The Resilience Capacity of Tidal Wetlands in the Salish Sea to Sea Level Rise*. **Chair.**
- Underway Lamai Cox. Environmental Studies MA. *Where are Kelp in the Salish Sea?* **Chair.**
- Underway Yashel Kakavand. Environmental Studies MA. *Integration of Climate Change Adaptation into Planning: a Study of Washington State Coastal Communities Exposed to Sea Level Rise*. Member.

- Underway Colter Lemons. Environmental Studies MA. *Using Tree Rings to Date Glacial Recession on Mount Baker*. Member.
- Underway Chelsea Harris. Environmental Science MS. *Restoring Forest Habitat: Assisted Migration as a Climate Change Adaption*. Member.
- 2023 Natalie Furness. *Environmental Studies MA. Against the Grain: A Mixed-Methods Analysis of the Effects of Climatic and Cultural Changes on Grain Agriculture in Northwest Washington*. **Chair**.
- 2023 Kailey Schillinger-Brokaw. Environmental Studies MA. “*Was the Grass Always Greener?*” *Mapping the Historical Extent of Native Grasslands in the San Juan Islands*. **Chair**.
- 2023 Hannah LaGassey. Environmental Studies MA. *Dendrochronological reconstruction of glacial mass balance and stream flow, North Fork of the Nooksack*. **Chair**.
- 2021 Kate Welch. Environmental Studies MA. *Creating a Canadian-US Wildfire Atlas*. **Co-Chair**.
- 2020 Benjamin Hagedorn, Environmental Studies MA.. *Conifer Encroachment in Subalpine Meadows on Mount Baker, Washington*. **Chair**.
- 2020 Monica Villegas. Environmental Studies MA. *Dendrochronological Assessment of the Easton Glacier’s Terminus Position Over the Last 150 Years*. Member.
- 2018 Dustin Gleaves. Environmental Studies MA. *Dendrochronology of the seaside juniper*. **Chair**.
- 2017 Jordan Wrigley. Environmental Studies MA.. *Stakeholder Perceptions of Salmon Aquaculture in Washington’s Salish Sea*. Interim member.
- 2017 Sam Wershow, Biology MS. *Assessing climate change impacts on the endemic alpine flora of the Olympic Peninsula*. Member.
- 2016 Todd Ellis, Geography MS. *Climatic Drivers of Western Spruce Budworm Outbreaks in the Okanogan Highlands*. **Chair**.
- 2016 Donal O’Leary, Geography MS. *Investigating the spatio-temporal relationships between snowmelt timing and wildfire occurrence in the US Mountain West*. Member.

- 2016 Trevor Bloom, Biology MS. *Compounding Consequences of Climate Change and Wildfire for a High Elevation Wildflower (Saxifraga austromontana)*. Member.
- 2016 Katie Rosa. Geography MS. *One Hundred Years of Vegetation Succession in the Easton Glacial Foreland, Mount Baker, Washington*. Member.
- 2016 Jamis Bruening. Environmental Science MS. *Fine-scale topoclimate modeling and climatic treeline prediction of Great Basin bristlecone pine (Pinus longaeva) in the American Southwest*. Member.
